Nest21 Japanese Language School Online Course

Our online course was created to meet the most diverse demands, such as preferring to study in a safe environment, not having time to travel to school or wanting to learn from native speakers taking advantage of the hours off. Because it's online, even people living abroad can feel free to join us.

Group Lesson Saturdays or Sundays 10 am to 11 am or 1 pm to 2 pm (Japan time zone)

Group lessons are taught in small groups of up to 6 people, so you can relax and join in the lessons. Plus, you can choose a course that's right for your purpose, such as conversation, JLPT, business conversation, and business email, and proceed with learning effectively.

Individual Classes Weekdays - Time to be arranged

If you live abroad, please contact us! Our team will propose a course suited to your learning objectives and according to your time zone.
